Employment

BioAI Engineer

Jun 2023 - Present

InstaDeep, Tunis, Tunisia

- Data Science
- Machine Learning
- Deep Learning
- Neural Language Processing (NLP)
- Large Language Models (LLMs)

Projects:

- Clinical Trials Project
- Apps for DeepChain product
- Data collection/retrieval and processing

Science and robotics trainer

Nov 2022 – Jun 2023

Play mind, Marsa, Tunis, Tunisia

Inspire the next generation to learn to code and work together to solve problems

Skills

- Effective communication
- Dependability
- Open-mindedness
- Teamwork
- Creativity
- Problem-solving
- Organization
- Willingness to learn
- Empathy

Qualities

- Leader
- Proactive
- Adaptive, listener and supportive
- Sociable and autonomous learner
- Good speaker
- Trilingual, willing to go further

Education

Biological engineer's degree

Sep 2019 – Nov 2022

National Engineering School of Sfax, Sfax, Tunisia

Preparatory cycle : Biology - Geology

Sep 2016 – Jun 2019

ISEP BG, Tunis, Tunisia

Successful completion of the engineering entrance exam with a rank of 63/350

Scientific baccalaureate certificate

Sep 2012 – Jun 2016

High School Rue de Russie, Tunis, Tunisia

Internships

Graduation project: Optimization of the production and characterization of quinoa based beverage (*Chenopodium quinoa* Wild) Mar 2022 – Nov 2022

LGEM-ENIS (Laboratory), Sfax, Tunisia

- Bibliographic research
- Testing and validation
- Optimization of the manufacturing process
- Realization of a food application
- Technical-commercial study

Bioinformatics laboratory

Biotechnology Center of Sfax (Research center), Sfax, Tunisia Jul 2021 – Aug 2021

Search for COVID-19 candidate genes

Quality control, validity and stability laboratory Jul 2020 – Aug 2020

ADWYA (Pharmaceutical industry), Tunis, Tunisia

HPLC dosing / Physico-chemical control / quality control / Organoleptic character verification

Laboratory of molecular microbiology, vaccinology and biotechnology development Jul 2019 – Aug 2019

Pasteur Institute of Tunis, Tunis, Tunisia

Plating and isolation of yeast / Plating on chromID medium / Phenotyping on solid medium: Spot assay / Extraction of genomic DNA / Molecular identification

Extracurricular activities

President 2019 – 2021

Biological Engineering Club, Sfax, Tunisia

Sponsorship Manager 2020 – 2021

ENACTUS ENIS, Sfax, Tunisia

Member 2019 – 2020

ENIS Debate Club, Sfax, Tunisia

President 2018 – 2019

Drama Club ISEP-BG, Tunis, Tunisia

Volleyball player 2017 – 2019

Volleyball Team ISEP-BG, Tunis, Tunisia

Software

- Microsoft Office
- Matlab
- Python
- G-suite
- Minitab
- AutoCAD
- SPSS
- LaTeX - Overleaf
